SUITABLE FROM 2 - 3 WEEKS OLD TO OVER 25KG LIVE WEIGHT

A COMPLETE RATION THAT'S SCIENTIFICALLY FORMULATED WITH HIGH ENERGY AND PROTEIN TO OPTIMISE THE GROWTH AND DEVELOPMENT OF YOUR PIGS.

INGREDIENTS/BENEFITS

Crushed cereal grains & legumes

A high energy and high protein blend to meet the demands of a growing pig.

Plant proteins

Supporting their growth and muscle tissue development.

Complete amino acid profile (Lysine, Methionine, Threonine)

Meeting the pigs high requirement for lysine and other amino acids to ensure the correct formation of muscle protein.

Vitamins, minerals & trace elements

Vital for immune system development whilst supporting optimal growth and maintenance or your animals.

Canola oil

Ensures the crushed grain mix is perfectly blended and suppresses dust whilst improving palatability.

NUTRITIONAL ANALYSIS

Minimum Crude Protein	20%
Maximum ADF	40%
Minimum ME	12.5 Mj/kg
Maximum Starch	50%

FEEDING DIRECTIONS

- Feed unrestricted from 2 to 3 weeks of age until pigs reach finished weights.
- Weaner, grower and finisher pigs and lactating sows should be fed unrestricted.
- Adjust feed rate in accordance to condition of the animal.
- Ensure quality water is available at all time.
- Dry sows should be limited to 2.5 - 3kg per day.
