

# HSF SPECIES COMBO

12ME - 16% CRUDE PROTEIN

A highly palatable crushed grain mix specifically designed as a multi species feed for small ruminants including calves, sheep, lambs, goats, alpacas and deer.

## KEY FEATURES

- Cereal grain blended with legumes and protein meals to promote growth and maximise animal production.
- Enriched with essential vitamins, Micro & Macro Minerals to support animal health.
- Complete with a range of buffers to maintain a healthy rumen and healthy animal.

✓ Available in bags, bulka bags and bulk.

# A HIGHLY PALATABLE CRUSHED GRAIN MIX DESIGNED AS A MULTI SPECIES FEED FOR SMALL RUMINANTS TO PROMOTE GROWTH AND MAXIMISE ANIMAL PRODUCTION.

## INGREDIENTS/BENEFITS

### Crushed cereal grains & Legumes

Energy is typically supplied as or derived from cereal grains (processed in some way to improve digestibility). Ration energy allows rumen microbes to grow and multiply and provide energy to the animal.

### Crushed protein meals

Rather than “feeding” the animal, these inputs do more to feed the microbes which in turn pass from the rumen to the small intestine where they are absorbed and make up more than 70% of dietary protein.

### Micro & Macro Minerals

A range of minerals are important to maintaining good rumen function and animal health and welfare. Minerals such as calcium, phosphorus, magnesium, and sulphur.

### Essential Vitamins

Small ruminants require essential vitamins such as A, D and E to maintain optimum health which are included in this ration.

### Rumen Buffers

Rumen buffers act to neutralize acid and reduce the incidence of acidosis when feeding high grain diets.

### Dust suppressants

Helps to increase the palatability of the mix by limiting the irritating dust flying up into faces (eyes and nostrils etc.).

## NUTRITIONAL ANALYSIS

Minimum Crude Protein %	16%
Maximum ADF	45%
Minimum ME	12.5 Mj/kg
Maximum Starch	55%

## FEEDING DIRECTIONS

- Introduce Species Combo into diet gradually to avoid rumen upsets such as acidosis.
- Ensure hay and/or straw and quality water is accessible at all times.
- This product is intended only for the species listed.
